

LEICESTERSHIRE & RUTLAND COMMUNITY FOUNDATION

GRANT SUMMARY

YEAR ENDED 31 MARCH 2026

Helping You Make Local Life Better

We provide a fully regulated platform for personalised charitable grant-making funds and foundations, connecting donors and funders with the vital local charities and voluntary groups that improve people's lives in Leicester, Leicestershire, and Rutland.

Total value of grants given to charitable groups in the year

£530,694.48

Our annual Grants Summary lists all the grants we assessed, gave and tracked in Leicester, Leicestershire and Rutland in 2025/26. Almost all are made with or on behalf of generous local philanthropic individuals, families and companies, via the grant-giving funds and foundations they set up with us, as well as for other funders, such as the Randal Foundation, and the public sector, such as the NHS ICB. We also reinvigorate dormant, inactive or onerous trusts and charities, in the spirit of the original intent and name, to work for the present day, and these are also included.

At any time of life, people face challenges: serious illness of all kinds, debt, loss, crime, family breakdown, job loss, a child's or a parent's death. Some challenges are sudden crises and can be resolved quite quickly. Others are complicated and long-lasting, spilling out into communities or down generations, especially if not supported at the time of the crisis. Poverty makes any of these challenges harder and can cause some of them.

As public funding drops, local charitable and voluntary groups work hard, economically and effectively to "fill the gaps". They are often run for local people by local people. There are many of them - because if you are ill, or young, or elderly, or have children who have additional needs, if you can't run a car and live in a rural area, it is very hard to travel to the youth club, the parent's group, the dementia support, the foodbank, or the sports practice.

Many small local charitable and voluntary groups are overlooked and underfunded, despite their great contribution to mending and maintaining the social and even economic fabric of our area, making Leicester, Leicestershire and Rutland the best place to live and work for all of us.

Those of you who receive the Grants Summary every year will notice a drop in the value total of grants we gave. This is because our support of the NHS to deliver support to local communities for adult mental health – a fantastic programme of grant support in neighbourhoods across Leicester, Leicestershire and Rutland – has ended. An enormous amount was achieved by these grants in local lives and health, and we hope to be able continue it in future.

We are so grateful to all the donors and funders whose grant-giving funds you see on these pages; we are also grateful to all those who added money to our general Making Local Life Better fund including Rachel Hargrave, the Hive Foundation, The Empingham Forsyth's Charity, Jenny Hand, and the Radius Fund.

Summary of Grants Made 2025/26

Charitable Group *and Project Area*	Grant £	Donor/Project Funder	Project description – summary
